## **Group Visits to Woodbridge Museum**

**We welcome visits from any groups of people who are interested in the history of Woodbridge and its local area, for whom a visit to the museum will be a rewarding and informative experience.**

### **What is in the museum:**

1. A chronological journey through the history of Woodbridge, inviting you to meet the people who have lived in or near the town and have had an impact on what the town is today.
2. Various artefacts on display will tell you about those people. However, the museum also has a collection of maps, pictures and other artefacts which are available for individual research.
3. A family area provides information and asks questions about subjects that may interest children and includes a fully equipped doll's house and a small 'mock up' of a school room. There is also a 'Cat Trail' with 10 questions for children to find the answers to.
4. 4 mannequins are dressed in the clothes of their time:
  - a. A mariner
  - b. A soldier from the barracks
  - c. A land girl
  - d. Thomas Seckford

### **What the museum has to offer:**

1. Guided tours of the museum for adult groups; which could be based around the interests of the group. A guided walking tour of the town is also available.
2. Tours, talks and experiences for secondary school pupils based on their programmes of study and with a focus on any specific period in history.
3. Tours, talks and experiences for primary school pupils based on the KS1 and KS2 programmes of study and any specific historical aspects which schools would like to investigate.

### **How to arrange a visit**

1. Please contact the museum at [enquiries@woodbridgemuseum.com](mailto:enquiries@woodbridgemuseum.com) to request an initial contact form so that we can have an idea of the purpose of your visit
2. We will endeavour to accommodate your requirements, but please bear in mind that the museum is run by volunteers and some compromise may be necessary.
3. Once you have returned the form to us, we will be in contact to discuss dates, times and requirements. We may suggest that groups should be limited in number, but this will depend upon the age and requirements of your group. Also, whether the museum is open to the public or not.
4. Please consider your visit in good time before you wish to come, so that we can organise a pre-visit meeting in order to ensure that we are fully prepared for your visit.
5. The museum has a Risk Assessment Policy but schools and groups are responsible for their own risk assessment.
6. You may like to incorporate a visit to the Tide Mill and /or The Long Shed while you are in Woodbridge.
